#### HIGHLIGHT STANDARD EQUIPMENT

##### Engine and drivetrain

Audi 2,5L R5 TFSI   380++ BHP engine	•	•
Endurance driveshafts - Built with the highest quality components from motorsport	•	•
Sequential gearbox system including:		
6 speed sequential gearbox	•	•
Sintered clutch plate	•	•
Lightweight flywheel	•	•
Reinforced propshaft	•	•
Long ratio differential - 1:3,4	•	•
Limited slip differential cooler	•	•
Shifting force sensor for reactive bleep system	•	•

##### Electronics

Traction control system   Including Launch Control, Automatic Rev Matching and Full-Throttle Shift - Adjustable in five positions - Can be switched off	•	•
Lithium-Ion battery   7 kg weight reduction° - Charger included	•	•
USB or 12 Volt connector   Integrated in ignition unit	•	•

##### Chassis, suspension and brakes

Lightweight chassis construction   Weight optimisation through the use of high tensile steel - 5 kg weight reduction°	•	•
Wide-Track suspension   For optimised balance between front and rear axle	•	•
Anti-roll bar 12 mm front   Adjustable	•	•
3 way adjustable Intrax shock absorbers   Including Anti Roll Control® and Black Titan technologies <i>These innovative racing shock absorber combined with the light weight of the car allow for both extraordinary comfort and mechanical grip with lateral forces up to 2,4 G</i>	•	•
Front brakes   Tarox six-piston calipers with lightweight performance discs	•	•
Rear brakes   Tarox six-piston calipers with lightweight performance discs and separate handbrake <i>Slotted and grooved discs including wave design for better heat management - 1,2 kg weight reduction°</i>	•	•
Brake bias adjustment command on the dashboard   Find the perfect brake balance	•	•
Rack and pinion ratio - 2,7 lock to lock	•	•

##### Safety

Towing straps on front triangles	•	•
"Bilster Berg" roll cage construction   Designed for greater rigidity and increased passive safety	•	•
6-point harnesses with FIA homologation	•	•

##### Wheels & Tires

Front wheels   RAYS forged alloy 8" x 17" wheels in raw bronze colour - Slick tires 235/620 x 17"	•	•
Rear wheels   RAYS forged alloy 8" x 18" wheels in raw bronze colour - Slick tires 240/640 x 18"	•	•

##### Body and aerodynamic

New body design   Improved aerodynamics for better air flow and heat management	•	•
X-Core® patented technology upper doors   Including protected polycarbonate / ceramic windows	•	•
Lightweight prepreg carbon/kevlar bodywork	•	•

##### Lighting

Halogen headlights	•	•
Daytime running lights, parking light and turn signal lights in LED technology	•	•
Tail lights, brake lights, rear fog light, turn signals, central brake light and license plate lights in LED technology	•	•
Auxiliary interior lighting	•	•

## Dashboard & Instruments

Exposed carbon fiber dashboard including AIM MXS Pista digital colour display and three black analog instruments for turbo pressure, oil pressure and fuel level - Incl. LED backlight	•	•
Live lap times on display		
Emergency kill switch integrated in dashboard	•	•
Heating temperature adjustment integrated in dashboard	•	•

## Interior

Multifunction steering wheel in suede with quick release system	•	•
Prepreg carbon fiber seats with manual position adjustment for the driver side	•	•
Seats in black leather - Back of the seat painted in black or in body colour	•	•
Leather storage "pocket" on passenger side	•	•
Black cloth interior design: interior upholstery, tunnel upholstery, floor mats and trunk	•	•
X-core® patented technology leg compartment floor pannels	•	•
Electronic immobilizer	•	•

## Exterior and paint

Body colour: uni colour of your choice	•	•
Suspension springs in black	•	•
Exhaust cover mesh in black	•	•
Rollbar in black	•	•
Roof in black fabric	•	•
Additional paint protection through protection foil on rear fenders	•	•

## OPTIONS

Choice Price excl. VAT Price incl. 21% VAT

### Engine and drivetrain

Stainless steel free flow exhaust system   Racing sound*	-	€	1 500,00	€	1 815,00
Sport exhaust with electronic valve   Gives the driver the possibility to choose either a racier or	-	€	3 900,00	€	4 719,00
Pneumatic paddle shift system including Bosch gearbox management software	-	€	9 400,00	€	11 374,00

### Safety and monitoring

Fire extinguisher system with FIA homologation - 6 jets in engine compartment and cabin	-	€	2 198,00	€	2 659,58
Fire extinguisher - OMP - Black or white	-	€	387,50	€	468,88
Telemetry data acquisition system - Live retransmission of car data while driving	-	€	1 870,00	€	2 262,70
Tire temperature and pressure sensor - Connected with data logging system and display	-	€	4 900,00	€	5 929,00
Communication system - Communication between pit box and driver	-	€	2 400,00	€	2 904,00
Aim Smartycam HD 2 - Car data embedded in video	-	€	1 465,00	€	1 772,65

### Chassis, suspension and brakes

Anti-roll bar 12 mm rear   Adjustable for fine tuning set-up on track	-	€	1 600,00	€	1 936,00
Race ABS system by Bosch Motorsport   Adjustable in 12 positions - Can be switched off - Increased	-	€	12 000,00	€	14 520,00

### Body and paint

Tubular steel chassis powder coated in the colour of your choice (Black as standard) - Option	-	€	550,00	€	665,50
Metallic body colour of your choice	-	€	2 150,00	€	2 601,50
Pearl effect body colour of your choice	-	€	2 750,00	€	3 327,50
Brake calipers painted in the colour of your choice	-	€	1 200,00	€	1 452,00
				type colour	
Polished exhaust   For a shiny finish - Raw metal as standard	-	€	1 400,00	€	1 694,00
Aluminium rims powder coated in the RAL colour of your choice	-	€	900,00	€	1 089,00
Choose colour			-	Type colour	
Aluminium rims painted in the colour of your choice	-	€	1 600,00	€	1 936,00
Choose colour			-	Type colour	
Extra paint protection for the nose, the side skirts and the rear fenders through a transparent film	-	€	700,00	€	847,00
Shock absorber springs and exhaust cover mesh painted in the colour of your choice	-	€	250,00	€	302,50
				Type colour	

### Exposed carbon fiber

The term exposed carbon fiber refers to the unique technique allowing the characteristic structure of carbon fiber to remain visible through a layer of matt or gloss clear coat. An exposed carbon fiber component is also significantly lighter compared to a carbon fiber component painted in colour.

Carbon package 1   Certain exposed carbon fiber components in matt or gloss clear coat	-	€	5 700,00	€	6 897,00
Exterior carbon clear coat type:				Choose finish	
- Front cycle wings			-		
- Side pannels			-		
- Diffuser			-		
- Windscreen frame including A pillars			-		
- Details in and around the engine bay			-		

- Front grill	-			
- Lay-in rear bumper	-			
Interior carbon clear coat type:		Choose finish		
- Doors	-			
- Scuttle	-			
- Door sills	-			
- Ignition housing	-			
- Belt cover	-			
- Seats	-			
Carbon package 2   Complete car in exposed carbon fiber (Exhaust cover and hood excluded) - 8 kg weight reduction	-	€	27 500,00	€ 33 275,00
<b>Additional options</b>				
Set of 4 ultra lightweight exposed carbon fiber rims   Unique design and performance - Reduces	-	€	14 400,00	€ 17 424,00
Carbon fiber tunnel   For increased torsional rigidity and an even more high end interior* - Not compatible with 3 point harnesses	-	€	2 400,00	€ 2 904,00
Exposed wide weave 'hypercar' carbon fiber   Characteristic carbon weave design and reduced weight	-	€	4 900,00	€ 5 929,00
- Side pannels	-			
- Diffuser	-			
- Tunnel	-			
Clearcoat in colour for carbon package 2   Through ink technology in the clearcoat, the exposed carbon fiber remains visible - Available in blue, red and green - Other colours available on demand	-	€	4 500,00	€ 5 445,00
<b>Exterior and technique</b>				
Xenon headlights*	-	€	1 400,00	€ 1 694,00
Wind Package   Additional wind spoiler mounted on window frame - For less turbulence in the interior of the car	-	€	500,00	€ 605,00
<b>Interior and technique</b>				
	Choice	Price excl. 21% VAT		Price incl. 21% VAT
Donkervoort race seat   In exposed carbon fiber and upholstered in leather*	-	€	2 200,00	€ 2 662,00
Air conditioning   Ultra lightweight and uniquely small	-	€	12 000,00	€ 14 520,00
Steering wheel in leather or alcantara	-	€	800,00	€ 968,00
40th anniversary interior design package   Fully customisable interior in leather, alcantara or 3D breathable material - Choose the colour of the stitching for the seats, the roof, the 40 emblem, the 6 point harnesses and the trunk cover - Includes a lumbar pump for extra back support	-	€	4 200,00	€ 5 082,00
- Design and material		Choose interior design		Choose Material
- Upholstery colour		Choose carpet		Type colour
- Tunnel & floor mats piping		Choose piping		
- Roof and trunk covering - In the colour of your choice		Choose colour		Type colour
- Stitching - In the colour of your choice		Choose stitching		
- Steering wheel - Size and material		Choose size		Choose material
- Steering wheel - colour and stitching		Choose colour		Choose stitching
- Sunken floor pannel	-			
Black package   Fuel tank cap, handbrake handle, gear lever, bolts and washers, hinges, door mechanism and headlamp casing in black	-	€	700,00	€ 847,00
- Handbrake handle and gear lever logos in contrast colour	-			Type colour
<b>Accessories</b>				
Nano ceramic coating   Water and dirt repellent	-	€	700,00	€ 847,00
Poncho in grey including Donkervoort logo   Quick replacement for the standard roof in case of e.g. short term parking	-	€	570,00	€ 689,70
Car cover with embroidered "40" emblem and "Donkervoort" logos   Cover, piping and logos in the colour of your choice	-	€	800,00	€ 968,00
Extra set of 17"/18" wheels and tires - Forged aluminium rims in bronze colour - Slick tires*	-	€	6 400,00	€ 7 744,00
Extra set of 17"/18" wheels and tires - Forged aluminium rims in bronze colour - Rain tires*	-	€	6 400,00	€ 7 744,00
OMP Tire warmers set - 4 tire warmers	-	€	2 900,00	€ 3 509,00
* Racing accessories, not homologated for road use				
° In comparison to the standard Donkervoort D8 GTO model				
Preparation costs		€	1 000,00	€ 1 210,00
• Preparation of the car and of the documents (Certificate of authenticity included)				
• Optional Alarm Certificate				
• Professional polishing of car
